FACULTY ADMINISTRATION

Norman Jay Wilson
College of Medicine

I have been an admissions professional since 1983, and a specialist in international medical admissions since 2002. I take great pleasure and pride in recommending deserving, qualified applicants for an opportunity to become caring, compassionate, licensed physicians in the United States. I earned my Bachelor of Arts Degree from Boston College, Chestnut Hill, MA.

I live in Orlando, Florida, with my wife of 22 years, Kimberly, and my fifteen-year old daughter.

We enjoy all of the great weather and activities that Central Florida has to offer, and we have visited most of the major National Parks and several European countries. I enjoy following politics and other current events, walking and following the fortunes of my favorite team, the Boston Red Sox!
